Professional Summary

BSc Computer Science student at Gisma University of Applied Sciences, expected to graduate in 2028. Building a foundation in web development, Python programming and databases through practical projects. Interested in creating clear, useful software and continuing to learn through hands-on work.

Education

BSc Computer Science
Gisma University of Applied Sciences
Currently in the second semester.

Expected graduation: 2028

Technical Skills

Web development	HTML, CSS, JavaScript
Programming & data	Python, pandas, matplotlib
Databases	SQL, MySQL
Development tools	Git, GitHub, GitHub Pages, VS Code, LaTeX

Projects

Personal Computer Science Portfolio
Built a responsive website to present education, skills and projects. Used HTML, CSS and JavaScript for the layout, mobile navigation and project filtering, alongside an animated SVG illustration.

Expense Tracker Python
Created a command-line tool that records expenses in CSV format, summarises spending with pandas and saves a category chart using matplotlib.

Library Database MySQL
Designed related tables for books, members and loans, with sample data and SQL queries for viewing current loans and borrowing activity.

Interests

Reading books • Cricket • Coding • Chess • Esports • Music
